*Herefords & SimAngus*

## **4<sup>th</sup> Annual JMF Bull Sale**

*Saturday, February 3, 2018- 1:00 pm CST*

*At the farm, Holloway, MN - 20 mi. East of Big Stone City, SD*

*Offering 20 Hereford  
and SimAngus Bulls*

Cattle industry enthusiasts, it is with a high level of excitement the JMF family would like to invite you to our 4<sup>th</sup> Annual Bull Sale on February 3<sup>rd</sup>! We would like to thank our past customers for their trust and support of our program, and we look forward to working with you into the future.

You, as today's commercial cattleman, demand a product that gives you the results you need to face the challenges of the industry. Efficiency plays a key role with pounds per head gain, at a low input cost, to add dollars to your bottom line. Profitability of your calf crop starts with an exceptional sire of those calves. The value of Heterosis coming from a Hereford bull is unmatched in terms of fertility, efficiency and legendary hybrid vigor. I would strongly encourage you to take time and visit the American Hereford Association's website, or [www.herefordtruth.com](http://www.herefordtruth.com) to learn more on **THE BALD-FACED TRUTH** about the advantages of **HEREFORD!**

JMF has devoted its efforts to serve the commercial industry by striving to produce dependable seedstock. We are building a cowherd of sound, functional, fertile females. We will not tolerate a cow that needs pampering in order to stay around. She needs to work for a living alongside us as a team. In the past few years, the industry has seen many new ways to evaluate cattle; more EPD's, Gnomically Enhanced EPDs (DNA), Extensive Embryo practices, and more. JMF has embraced these techniques to better our program - BUT, we will be using them for exactly what they are, a TOOL. Analyzing cattle from the ground up visually in the field by their phenotype, how structurally sound and functional they are, how they perform, and how they mother at calving - we feel is a part of a skill and cowboy logic we need to maintain as a seedstock source. We want our cowherd to be the result of a breeding program, rather than a management program.

As the goal of expanding continues to develop, Makayla and I are ecstatic to offer this set of 20 Hereford and SimAngus bulls that are all from their natural mothers. We have worked very hard to put this group together for your evaluation, but yet the bulls themselves have done an excellent job of meeting the criteria we have expected of them. They were all very vigorous at birth, had an acceptable birth weight, and weaned at an exceptional weaning weight off of mama's milk and grass, *with minimal supplementation before weaning*. After weaning, the bulls have been developing in an open yard. They have experienced some extremes in weather with a very wet, colder fall, to frigid temps around the first part of the year. The bulls do not go into a barn - whatever weather has come they have marched right through it. We feel as these individuals go into your operations bred and developed as they have been, they will sire hardy, efficient, longevity driven progeny; steer calves the feedlots demand and exceptional females that will be around for years. The bulls are on a complete vaccination program and have been on a TMR ration of meadow grass hay, silage, dried distillers, and cracked corn. If you have any questions on the bulls or would like to stop by, please feel free to reach out to us at any time.

The bred heifers being offered are from our good friends and past customers, Jenniges Hidden Acres - Dan and Linda Jenniges. They are broody, sound, ultra-functional, and bred to last. If you are looking to add to or start a commercial cowherd, take advantage of this opportunity on these heifers.

I would like to conclude with a very big THANK YOU to Makayla, Jaelyn, Tayton, and Ty. It has definitely been a family affair taking pictures, videoing, and getting ready for the sale this year. Jaelyn is awesome at getting ears! Makayla has again burned a lot of midnight oil putting the catalog together. I have the best crew!

Thank you, and we look forward to seeing you sale day!

*Jared Flower*

# 4<sup>th</sup> Annual JMF Bull Sale

At the farm, Holloway, MN  
February 3, 2018 • Dinner at Noon, Sale at 1 p.m.

In case of bad weather, postponement date is Saturday, February 10, 2018.  
Postponement information will be available at [www.JMFHerefords.com](http://www.JMFHerefords.com) prior to 8:00 am on Feb. 3<sup>rd</sup>.

## Sale Day Contacts:

Jared Flower: 320-413-0483  
Makayla Flower: 605-690-6050

## Directions:

Located 4 miles north of Holloway, MN on Highway 59, turn west on County Road 56. JMF is the first place on the north.

## Hotel Accommodations:

Prairie Waters Inn (Appleton - 11 mi) – 320-289-2500  
GrandStay Hotel & Suites (Morris – 20 mi) – 320-585-4000

## Terms and Conditions:

Terms of the sale are cash. Sale offering is cataloged in sale order.

Cattle are able to stay at JMF until March 1, 2018 at no charge. After March 1, yardage will be charged at \$2.50 per hd/day. Cattle left at JMF will be at buyers risk immediately following the sale. We encourage buyers to purchase insurance.

Haul your cattle home the day of the sale and receive \$50.00.

## Guarantee:

All bulls are guaranteed breeders. If a bull fails to breed and is reported to the seller by August 15, 2018, it may be returned to the seller if in good condition and in compliance with the Minnesota Health Regulations. Once the bull has been returned to the seller and confirmed that he is not a breeder, the seller will refund the purchase price.

## Videos:

Videos on the sale offering will be available mid-January at [www.JMFHerefords.com](http://www.JMFHerefords.com).

## Sale Format:

The sale offering will sell in a bid-off format. If interested in a lot(s), sign up to receive your bidder card. Bid-off will begin at 1:00 pm with cattle selling in catalog order. Each lot will open with the base price that is listed in the catalog. Simply raise your bidder card to bid. Please keep your card in the air for as long as you wish to stay in on the lot. We will raise the bid in \$100 increments until there is only one bidder card remaining in the air. All lots are to be paid in full at the conclusion of the sale.

Please ask with any questions on the sale format.

## Base Prices:

Base prices are listed for each lot.

## EPD's:

Current as of 12-28-17.

## Absentee Bidding:

If you would like to place a bid but are unable to attend the sale, please call any of the Sale Day Contacts to place a bid or to be on the phone sale day. We will accommodate you in any way we can.

## Delivery:

We will assist you with delivery in any way we can.

## Further Contact Information:

Address:

1630 10<sup>th</sup> Street NW  
Holloway, MN 56249

Email: [jmflower.11@hotmail.com](mailto:jmflower.11@hotmail.com)

Website: [www.JMFHerefords.com](http://www.JMFHerefords.com)

## Please Note:

All persons who attend the sale do so at their own risk. Owners assume no liability, legal or otherwise, for accidents or loss of property that may occur.

**Please bring your catalog with Sale Day!**

If you are looking for a miss-the-alarm-clock sure fire heifer bull, this guy fits the bill. He is made like a heifer bull with a 60 pound birth weight and had tremendous vigor at birth. Take note of his -2.4 BW EPD and 618 lb. 205 WW. Out of a 1080 lb. first calving Hickok daughter. Mother has a beautiful udder. His sire is the calving ease legend TH VICTOR 719T and his grandmother is the Lady 94T donor. He ranks in the top 1% of the breed for BW, top 5% for Teat Size and Udder Suspension, 10% for Dry Matter Intake, and 15% for Fat and Baldy Maternal Index. If you have a day job during calving season, I would definitely recommend checking this guy out on sale day.

Suitable for use on heifers.

*The only Hickok son we have to offer this year. 712 is deep and soggy, cherry red and out of a moderate, super easy fleshing type of cow. He ranks high for Scrotal Circumference. 712 has a maternal sister out with the bred heifers that is the donor prospect of the group. Baldy making machine here! Maternal brother sold to Ben Vadnais of Benson, MN in 2016.*

# THE BALD-FACED TRUTH

## ABOUT HEREFORD GENETICS

---

It's obvious – Hereford-sired calves deliver a \$51 increase in net profit per cow, per year.\* Hereford genetics bring legendary hybrid vigor, improved fertility, feed efficiency and easy-handling docility to your program. Read the research, and see why Hereford heterosis pays off, at **HerefordTruth.com**.

\*Compared to Angus-sired calves. Source: Pierce, Vern. Comparison of the Economic Value of Hereford Sired Herds vs. Angus Sired Herds on Long Run Economics. American Hereford Association. Retrieved from [https://hereford.org/wp-content/uploads/2017/02/pierce\\_circleareprt.pdf](https://hereford.org/wp-content/uploads/2017/02/pierce_circleareprt.pdf). 57100-A01

Lot 27 – R8	Solid Black	Wulf's Long Haul	May 1
Lot 28 – 664	Reg. Simmental	Wulf's Long Haul	Late May

Offered by Jenniges Hidden Acres, Dan and Linda Jenniges

A very nice set of heifers bred to the Long Haul bull from Wulf's. They are sound, functional and very production orientated. They would be a nice addition or start to a cowherd.

- Base price \$1500/hd
- WULF'S LONG HAUL A306C – AAA 18121925
- Lot 28 is owned by Jenniges Hidden Acres and Bryce Hacker. ASA 3234699 – JHA D664 DANCE
- All Heifers have been vaccinated, poured, and preg. checked safe by Northwest Vet
- Vaccinations include: Inforce 3, BoviShield Gold – boosted, three rounds of Vision 7 Somnus, poured with Ivomec, and have received Scour Boss 9. They are scheduled to receive Scour Boss 4 in March.

**This bull  
produces  
better mamas,  
not headaches**

There's no mama like a Hereford-sired mama. Net income of \$51 more per cow per year and a 7% advantage in conception rate, compared to straight Angus females.\* All this from a bull that is known for its fertility and easy-going nature. Hereford bulls — better mamas and no headaches.

**Hereford — gentle bulls making black better.**

\* Data from the Circle A Ranch Heterosis Project
