

PROUD TO SERVE THE  
*commercial cattlemen!*

12<sup>th</sup>  
ANNUAL  
*Bull Sale*

1:00 PM CST  
FEBRUARY 7, 2026

*Offering:* **30** *Hereford, Simmental, and SimAngus*  
18-month-old and yearling bulls

# Welcome!

The 12th Annual JMF Bull Sale will be held on February 7, 2026.

Wow, what a year to be in the cattle business! When we were expecting the cattle market to peak, it just kept climbing. For the commercial cowman right now, it is exciting.

As our national cowherd rebuilds, we see premiums being paid for good, quality cattle. This is accomplished by bulls that sire steer calves that grow and convert intake, along with females that turn into reliable, functional, long-lasting momma cows. JMF is here to be a source of those bulls for you, and we will stand behind them.

For the past few years, we have been moving our calving season to the fall. All the cows calve on pasture. As we calve these cows in a more natural environment, we see the benefits of high maternal mothering ability. Calf vigor is equally as important if not more. Every cow is responsible for raising her own calf and must do it well.

We feel our 18-month-old bull program gives our customers a strong advantage to traditional yearling bulls. The aged bulls have almost a whole breeding season under their belt before they turn 2 years of age, and can cover more cows than a yearling can. Our goal is not to make a handful of perfect ones, but to produce good, functional cattle that meet the demands of the commercial cowman to help them add value to their program.

There is a lot of good in the Hereford offering. The Houstons are genetically exceptional. The Historians offer calving ease and performance with heavy pigment. The Cowman and Red River bulls are loose-hided, deep, and long. As for the Simmys, the quality runs deep in the Assurance sons. Good performance bulls to add muscle mass, depth, and length to their calves.

Nothing noted in this letter would be possible without a great crew to make it all happen. As we have moved our kids to homeschooling, we have had a great opportunity to get everyone deeply involved. We place just as much value in the kids learning with hands-on tasks on the farm as we do their book work. Jaelyn has become very familiar with the cowherd and is helping with mating decisions and selecting bulls. She is also great on a horse for summer cow work. The boys are running tractors, feeding cows, and working in the shop. Emmy is our little cheerleader and always brings the snacks. She claims Oreos make everything better! To my beautiful wife Makayla, thank you so much for doing this crazy life with me. It's a privilege watching her be a wonderful mother to our kids, and having her as a best friend and partner.

Each sale marks the end of the present year and the beginning of the next. We look back on a year of what worked, and what we can improve on. We are excited to offer these bulls up for your evaluation on February 7th. If you have any questions on the bulls, feel free to reach out to us, or set up a time to come see them in person before the sale. Thanks for all the support in the past, and we look forward to working with you in the future.

See you on Sale Day!

- Jared Flower and the JMF crew

# 12<sup>th</sup> ANNUAL Bull Sale

1:00 PM CST  
FEBRUARY 7, 2026

At the West Farm, Holloway, MN  
Dinner at Noon, Sale at 1:00 PM CST

*In the event of bad weather, you can still bid online at DVauction or contact any of the sale contacts to be on the phone sale day.*

## SALE CONTACTS

|  |              |
|--|--------------|
| Jared Flower .....                               | 320-413-0483 |
| Makayla Flower .....                             | 605-690-6050 |
| Eric Zeltwanger, Ringman .....                   | 320-766-0066 |
| Aaron Olson, Ringman .....                       | 320-808-8947 |
| Aaron Rokey, DVM, Morris Veterinary Clinic ..... | 320-589-4033 |

## AUCTIONEER

Brad Feuchtenberger, Zielsdorf Auction Service ..... 320-287-0501

## TERMS AND CONDITIONS

Terms of the sale are cash. All lots are to be paid in full at the conclusion of the sale. Absentee buyers are to pay within 2 weeks of the sale.

## WINTERING, BULL DEVELOPMENT, AND INSURANCE

*JMF can hold the yearling bulls until March 1, 2026 at no charge.* By March 1<sup>st</sup>, they will have passed their semen exam and will be ready for pickup or delivery. We do ask that you take possession of your bull(s) at this time. After March 1<sup>st</sup>, yardage will be charged at \$5/head/day. **18-month-old bulls have already passed their semen exam and we ask that you take possession of these bulls sale day or as soon as possible.** Cattle left at JMF will be at buyers risk immediately following the sale. We strongly encourage buyers to purchase a mortality insurance policy left at JMF until pickup or delivery. Please let us know if you need a contact for insurance and we would be happy to assist you with that.

## DIRECTIONS

Located 4 miles north of Holloway, MN on Highway 59, turn west on County Road 56. JMF West Farm is the first place on the north.

**PLEASE BRING YOUR CATALOG**  
on Sale Day!

## GUARANTEE

*All yearling bulls will have passed a breeding soundness exam prior to pickup or delivery. 18-month-old bulls have passed a breeding soundness exam prior to the sale.* In addition to the standard Terms and Conditions of the American Hereford Association and American Simmental Association, we will provide the first breeding season (the 90-day period immediately following turnout) guarantee on all bulls. This guarantee is not an insurance or mortality policy, but a guarantee on functional fertility. It is not a substitute or replacement for poor management. Buyer assumes all risks for injury due to running bulls together or management decisions outside genetic control. For the guarantee to apply, we ask that you contact us as soon as a condition is observed and before the animal is sold. We will work with you to determine whether the animal is returned or sold for slaughter. We will attempt to provide a suitable replacement. If one cannot be provided of equal or greater value, we will issue a sale credit to be used in a future sale for the full purchase price less the salvage value of the animal.

## SALE FORMAT AND BASE PRICES

Again this year, we will be having a live auction with an auctioneer. Base prices for all bulls are at \$4,000. All lots are to be paid in full at the conclusion of the sale.

## DVAUCTION

We would enjoy having you join us on sale day, but if you cannot, we are offering you the convenience of bidding and buying from home. *See page 16 for more information about online bidding.*

## VIDEOS

Videos on the sale offering are available on our website and DVauction: [www.JMFHerefords.com](http://www.JMFHerefords.com) and [www.DVAuction.com](http://www.DVAuction.com)

## SEmen INTEREST

JMF will be retaining a 1/3 semen interest on all bulls selling for in-herd use only. The buyer receives 100% of the salvage value.

## CANDIDATE FOR HEIFERS

JMF Herefords and SimAngus is calling certain individuals as a "candidate for heifers." This means we have evaluated, to our best ability, to select bulls that we feel you will have the least amount of trouble and the most amount of success in breeding your heifers. However, this is not a guarantee you will never pull a calf out of these bulls or never have trouble. Know your operation and know your cattle while selecting bulls.

## ABSENTEE BIDDING

If internet bidding is not suitable for you, please make arrangements to bid over the phone. Call any of the sales staff to get lined up.

## DELIVERY

Free delivery on all bulls within a 200-mile radius of the sale. In the event you have a further distance to travel, we will assist in the coordination of your animals' delivery.

## FURTHER CONTACT INFORMATION

West Farm Address: 1630 10th Street NW, Holloway, MN 56249  
Email: [jmflower.11@hotmail.com](mailto:jmflower.11@hotmail.com)  
Website: [www.JMFHerefords.com](http://www.JMFHerefords.com)

## PLEASE NOTE

All persons who attend the sale do so at their own risk. Owners assume no liability, legal or otherwise, for accidents or loss of property that may occur.

All announcements made sale day take precedence over the printed catalog.

See more information on PAGE 16!

# Reference Sires

**COWMAN 735D**

Reg # 43756519 | DOB: 2/13/16

**TH 122 711 VICTOR 719T x RANGELINE 327X VICTORIA 750B**

Foundation sire. We can't say enough about Cowman! His bulls have been very sought after by our customers. The daughters are highly productive in the JMF cowherd.

**HISTORIAN 264K**

Reg # 44387500 | DOB: 4/23/22

**PYRAMID HISTORIC 0179 ET x FHF D287 LADY 163G**

Dark, cherry red bull with added pigment, calving ease, length, and added growth. Sons are thick and long. Daughters are moderate and nicely balanced females. We plan to move forward with a Historian son.

**RED RIVER 019H**

Reg # 44184790 | DOB: 2/14/20

**COWMAN 735D x JMF 15X LADY CALAMITY 517C**

A bull we are very fond of in terms of softness, maternal, and fleshing ability. His grandam, 94T, ended her career at 16 years of age. The daughters are smaller/moderate framed with tight udders and have done very well for us so far.

**HICKOK 15X**

Reg # 43102635 | DOB: 3/27/10

**THR THOR 4029 x FHF 10H VICTRA 31S**

Foundation sire. Hickok has been one of the most influential bulls we have had the privilege to own. With his tremendous amount of guts and power, he has made a huge impact on the JMF program.

**CASH 106J**

Reg # 44301318 | DOB: 2/2/21

**NJW 88X CORNERSTONE ET x JMF 35D COWGIRL 406B 912G**

Rock-solid calving ease sire from the Polly 912G cow. The Cash progeny are also being noted for added pigment.

**HOUSTON H086**

Reg # 44123641 | DOB: 2/8/20

**SHF DAYBREAK Y02 D287 ET x SHF MISS 14 20Z D223**

A.I. sire we have gravitated towards for the combination of phenotype, performance, and carcass quality.

**ASSURANCE**

Reg # 3942173 | DOB: 3/13/21

**GIBBS 7056E SOUTH. COMFORT x MS NLC TANKER 2071Z**

Powerful, high growth, heavy maternal bull we are sampling from TNT Simmentals.

### COWMAN 735D SONS: **M478, M476**

The two Cowman 735D sons that we start with in the catalog are as consistent with type and kind as they have been for over the last 10 years. Deep, soggy, thick, and dark-made bulls. The M478 bull combines our signature mating: Cowman out of a Hickok daughter. It's simply one of the best matings we have been able to create in our outfit.

# HEREFORD 18-MO-OLDS

## HISTORIAN 264K SONS: M443, M442, M449, M439

The Historian 264K sons are bulls you can appreciate for being very conservatively marked, long bodied, and soft sided. These 4 sons average out in the top 10% of the breed for Calving Ease Direct. They also averaged 704 on their 205-day weaning weight, and all except one are out of heifers. We feel you can take these bulls and run them with your heifers and also kick them out with cows.

162J, maternal brother to M466 that sold on our 2023 sale

Congratulations to Jaelyn on Champion Steer  
at the 2025 Stevens County Fair. Ace was a home-raised steer.

A special Thank You to the West Central Cattlemen's Assn. for sponsoring Jaelyn at the 4-H Auction!

#### RED RIVER 019H SONS:

**M466, M448, M459, M453, M474**

*JMF Red River was a bull we raised and have heavily used. His sons are loose hided, stout made, and often short marked. The daughters are sweet, moderate cows that really milk and can raise nice calves. Udders are full and tight. You can see the Red River mass and power through bulls like M466 and M453. Deep sided, long spined bulls that add pounds to a calf crop. While we talk about power with Red River, we can also mention calving ease as well; we have used Red River on heifers successfully.*

*The 5 sons being offered averaged 665 for their 205 adjusted weaning weight, and all are in the top 15% or better for Calving Ease.*

## HOUSTON D287 SONS: M489, 503N, 501N, M4105, M486

SHF Houston is a bull we are sampling in our program for his length, added pigment, and his overall balance between phenotype and genotype. As you analyze these 5 half brothers, you take note of their bold rib shape and length, in addition to reading an exceptional EPD profile. You can appreciate the M489 and 501N bulls for their overall powerful design. Big topped, deep made, thick ended bulls with an abundance of rib shape. You also have the attractive, sharp fronted 503N bull with big red goggles on each eye. M4105 is your big weaning weight bull of the group - he's bold ribbed and long spined. The M486 bull puts together a calving ease package that allows you to maintain performance. His dam, 912G, displays a neat and tight udder. All the Houston sons number up well. As a group, they average in the top 30% of the breed for Baldie Maternal Index at 419.

**M496**

## JMF U263 TANKER 903G M496

ASA # 4531309    DOB: 12/14/24    ACT. BW: 80    ADJ. WW: 651

**sire:** TNT TANKER U263  
MR NLC SUPERIOR S6018  
TNT MISS S17  
  
**dam:** JMF 1127 LEANNA AUTHORITY 903G  
ES AUTHORITY EA117-2  
COTT/GFI LEANNA S6030

**PUREBRED SIMMENTAL**  
**HOMO BLACK, HOMO POLLED**  
Dam: age 6, weight 1330, moderate frame

A homo black, homo polled son out of TNT Tanker, out of an ES Authority daughter from the Cinnamon S6030 cow family. You can appreciate this bull for his explosive rib shape and big hip. Tanker made an impact on the breed for his growth and powerful daughters. We calved a set of Tanker daughters this December and are very excited to watch them raise calves. Time tested, proven pedigree. A bull we will use back in our program again.

Top 10% of the breed for Ribeye, 20% Yield Grade, 25% Milk, Carcass Weight, and Backfat, and 30% Stayability.

# SIMFORD YEARLINGS

**504N**

## SIMFORDS: 504N, 511N

"SimFord" is becoming a regular term around JMF. This F1 Sim x Hereford cross has been very well accepted by folks. It is an interesting combination of heavy maternal traits, along with growth and performance. By adding a SimFord bull, you take advantage of the efficiency of Hereford, while keeping the power and growth of the Simmental for your feeder calves, and having a high maternal producer for your replacement pen.

Tarping the silage pile = all hands on deck!
